Debris from recent slide through thick trees

Date
Sat, 02/17/2024 - 16:50
Activity
Snowmobiling

From FB 02/17/24: "Observed runout debris from a small avalanche on a south facing forested slope in Upper Tepee Basin. Shows avalanches can occur through forested areas."

Region
Southern Madison
Location (from list)
Tepee Basin
Observer Name
Chris Sexton
