Naturals, collapsing, propagating - Main Fork Hyalite

Hyalite - main fork Northern Gallatin 1/27/2019 Code N Latitude 45.45880 Longitude -110.95700 Notes

A group of skiers observed <u>propagation</u> in their <u>stability</u> tests and experienced collapsing in the main fork today. A separate group of ice climbers heard two different natural avalanches and observed active <u>wind loading</u> at higher elevations. A climber from a third group watched a natural avalanche next to the Mummy.
