Natural Avalanches near Lionhead

Lionhead Ridge Lionhead Range 12/24/2019 Code SS-N-R1-D2-O

55-IV-IXI-D2-C

Elevation

9000

Aspect

Ε

Latitude

44.71450

Longitude

-111.31800

Notes

Two natural avalanches near Lionhead Ridge likely broke during the storm on Christmas Eve. One <u>slide</u> appears to have broken on a <u>weak layer</u> in the middle of the snowpack, while the other only involved the new snow. Both were less than 100 ft wide and ran a couple hundred feet. They were on south east and northeast facing slopes at around 9000 ft.
