

Sheep Basin Trail

Date

Sat, 10/24/2020 - 13:55

Activity

Skiing

Just skied up to the entrance of Sheep Basin. Snowing and blowing. Didn't go past the first avy zone. Lots of cracking off drifts on my way up. Over a foot of new snow blown in. Nice light pow. The cold air was just blowing in as I turned around. Hasn't stopped snowing since yesterday afternoon.

Region

Cooke City

Location (from list)

COOKE CITY
