

Bell Lake Slide

Date

Sat, 04/02/2022 - 13:25

Activity

Skiing

Thought I'd submit though you may have already seen this since the debris looked like it happened at least a few days ago! Saw a big natural wet slide on the way to bell lake today, right before the trail and the road split. Went to the ground and looked like it took out some mature timber in the debris pile.

Region

Out of Advisory Area

Location (from list)

Bell Lake

Observer Name

Haylee Darby
