

Whumpfs north of Buck Ridge

Date

Tue, 01/02/2024 - 11:35

Activity

Skiing

I was skinning (north of Buck Ridge, east of first yellow mule) on relatively flat terrain up to where I often ski and unexpectedly encountered 4 whumpfs. About 10 inches into the snow pack I could feel a slab with my pole that was only a few inches from the ground. I went home.

Region

Northern Madison

Location (from list)

Buck Ridge
