

Whumpfing and small ava in Cooke City

COOKE CITY

Cooke City

1/1/2024

Code

C-NC

Latitude

45.02020

Longitude

-109.93800

Notes

Still getting collapsing/ whumphing of the snowpack in isolated areas around Cooke City.

We experienced about 4 good collapses on Monday north of town (with approximate diameters about 25-30').

And noted where a natural [cornice](#) fall had triggered a small [slab](#) avalanche about 30' wide.
