Code

SS-N

Latitude

45.67910

Longitude

-111.04200

Notes

A skier in Hyalite saw lots of wind-drifted snow on Mt. Blackmore and observed a natural avalanche near the summit. Additionally, they saw several smaller loose snow avalanches during their tour.

Skiers in Maid of the Mist noted multiple nature [wind slab](#) avalanches with crowns ranging from 6-12" in size.

Skiers on Hyalite Peak noted a small [wind slab](#) avalanche on an easterly [aspect](#).
