

Heavy Wet Snow in the Bridgers

Date

Sun, 01/28/2024 - 12:00

Activity

Skiing

Heavy and wet snow from the top of the ridge down to the Bridger Bowl lot. Observed large pinwheels, old avy debris on 30 degree slopes. 2 finger facets 15cm down, depth hoar still intact and showed no signs of rounding. Shooting cracks underfoot while skinning.

Region

Bridger Range

Location (from list)

Wolverine Bowl
