

Weekend Wind slabs in the Bridgers

Date

Wed, 03/06/2024 - 14:25

Activity

Skiing

Today I saw evidence of Multiple N-R2-D2-I avalanches in the fairy lake zone. All three were NE facing, around 8800'. 2 slabs in Fraizer basin and one in the basin to the south. All three looked to be from 3/3-3/4 storm cycle

We skied in the love chutes and Fraizer basin today with No collapsing or cracking.

Region

Bridger Range

Observer Name

Ty Guarino
