

Wind slabs at Lionhead

Date

Tue, 02/04/2025 - 14:45

Activity

Snowmobiling

Plenty of wind slabs ranging in size on Lionhead ridge and on surrounding slopes. Noticed a few natural slides on the way in, a few more on the way out that were rider triggered. Snow was quite wet by this afternoon @8500'.

Region

Lionhead Range

Location (from list)

Lionhead Ridge

Observer Name

Riley
